Introduction

Welcome to Code Cryon, where focused expertise meets purposeful execution. We are a compact technology team based in South India, driven by innovation, clarity, and craftsmanship. As a growing digital solutions company, we specialize in building scalable and reliable technology products that transform ideas into impactful realities.

At Code Cryon, we believe being small is our strategic advantage. With a core team of five dedicated experts, every project is handled with direct accountability – no hand-offs, no confusion, and no unnecessary layers. From web and mobile application development to SaaS platforms, custom software solutions, UI/UX design, e-commerce systems, and AI-powered integrations, we deliver end-to-end solutions tailored to your business needs.

Our team brings hands-on experience across multiple domains, combining technical depth with practical business understanding. We are continuously striving to grow – not just in scale, but in quality, precision, and impact. Every product we build reflects our commitment to care, long-term thinking, and perfection in execution.

Project Overview & Deliverable

Scope Overview

Client: **Blackstone Interiors**

Current Website: <https://blackstoneinteriors.in/>

Revamp the existing WordPress website with a modern UI/UX, improved performance, and SEO-friendly architecture using React for frontend and Sanity CMS for backend content management. The new website will showcase the company's interior design services, design portfolios, tools, resources, and location-specific offerings to generate leads and build trust.

Deliverables

1. Hosted Website

- Deployed on client domain
- Production-ready environment

2. Source Code

- Git repository access
- ZIP backup copy

3. Design Assets

- Figma Design Files
- Owner-level access provided

Project Scope

The platform will be optimized for:

- Desktop
- Tablet
- Mobile devices

Customer Website (Frontend)

1. Home screen

The homepage acts as the primary landing page introducing the brand, services, and key offerings. Hero banner with call-to-action

- Hero Section
- Services Overview
- Design Inspiration Section
- Portfolio Highlights
- Why Choose Blackstone Interiors
- Testimonials
- Process Overview
- Tools Preview
- Blog Preview
- Location Service Areas
- Call-to-Action
- Contact Section

Goal: Lead generation and brand trust.

Client Onboarding

Initial Consultation

We start with an initial consultation to understand your business needs and project objectives.

Proposal and Agreement

Following the consultation, we prepare a detailed project proposal outlining the scope, deliverables and timelines.

Project Kickoff

We schedule a project kickoff meeting to introduce you to our team and review the project plan.

Onboarding and Implementation

With the project plan in place, we begin the onboarding process. This involves setting up necessary accounts.

Terms and Conditions

Scope of Work

- Work will be executed strictly based on the agreed scope mentioned in the proposal.
- Any additional features or changes requested after approval will be treated as a Change Request (CR) and may involve additional cost and timeline revision.

Payment Terms

- 35% advance before starting the project.
- 35% Intermediate milestone completion (or) phase 2 completion.
- 40% upon final delivery before going live.
- Domain and hosting charges (if applicable) must be paid separately.

Timeline

- Project timeline began once advance payment and required content are received.
- Delays in content, approvals, or feedback may extend delivery timelines.

Intellectual Property

- After full payment, the client will own the final website/product delivered.
- Code Cryon retains the right to showcase the project in portfolio or marketing materials unless agreed otherwise in writing.

Maintenance & Support

- Minor bug fixes (if any) will be supported for 30 days after delivery.
- Ongoing maintenance or updates will be charged separately unless agreed in writing.

Limitation of Liability

- Code Cryon is not responsible for third-party service failures (hosting provider, domain provider, payment gateway, etc.).
- Code Cryon is not liable for revenue loss, data loss, or indirect damages after project delivery.

Terms and Conditions

Confidentiality & NDA Agreement

Both parties agree to the following:

- Any business information, ideas, strategies, documents, credentials, source code, pricing, or customer data shared during the project shall be treated as confidential.
- Code Cryon will not disclose client information to any third party without written consent.
- The client agrees not to share proprietary documents, pricing models, internal processes, or source code of Code Cryon with any third party.
- This confidentiality obligation remains valid even after project completion.

Termination

- If the project is cancelled after initiation, the advance amount is non-refundable.
- Work completed until the cancellation date will be handed over after settlement of pending dues.

Agreement Acceptance

By signing this proposal, both parties agree to the above Terms & Conditions mentioned in this document.
